A black and white photograph showing a close-up of a swastika symbol on a flag. The symbol is a thick, black, stylized '卐' character, rotated 45 degrees, set against a lighter background. The flag is draped, and the background is slightly out of focus, showing what appears to be a window with vertical bars or panes. Overlaid on the lower-left portion of the swastika is white text.

An investigation that began
in La Spezia, was moved to
Padua

In Padua, The investigation
is assigned to The judge
Tamburino

With the start of the first investigations,
Tamburino understood that
the discovery was not to be
underestimated

Between plotters there was
General Francis Nardella, from
1962 to 1971 he headed the
Office psychological warfare in

Between plotters there was also
his successor , Lieutenant
Colonel Angelo Dominion. There
was finally Lieutenant Colonel
Amos Spiazzi

On March, the inquiry made a qualitative leap. An important conspiracy member, Roberto Cavallaro, began to collaborate.

,

Some admissions of Colonel Amos Spiazzi and Roberto Cavallaro allowed the magistrate to start the outline of a plot, composed of civilians and military.

Tamburino named the plot
"Rosa dei Venti",
Point of compass or Rose of
Winds in american language

“Rose of Winds” operated
within the security
organizations of NATO and the
symbol was the same as that
of CIA.

It represented the armed wing
of a political strategy that
pursued the transition, in Italy,
from the first to a second
republic.

The financiers of the movement, were the engineer PIAGGIO and the lawyer DE MARCHI

“Piaggio based in Pontedera (Pisa- Italy), encompasses seven brands producing scooters and motorcycles. As the fourth largest producer of scooters and motorcycles in the world”

Piaggio is all world famous for the single model motor scooter named “Vespa”.

The conspiracy member,
Roberto CAVALLARO, revealed
that in a meeting took place in
the Vicenza area, he met with
the financier Michele
SINDONA...

And in the meeting there was also:
Mr Giulio ANDREOTTI, General
Magi Braschi, as well as three
senior officers of the Military Navy
and Air Force..

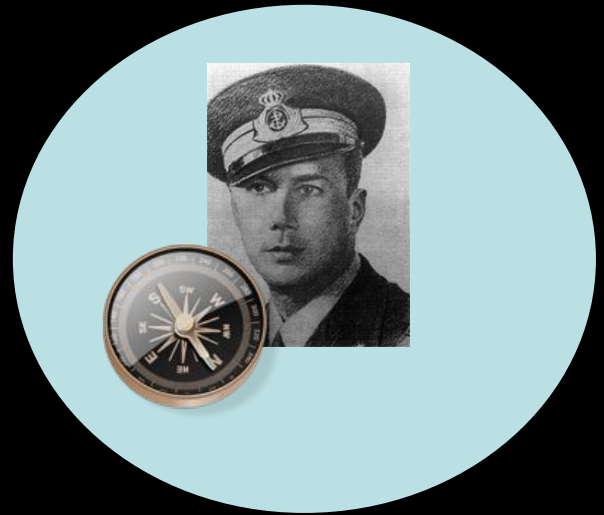

The fourth phase of the project
subversive, deployed through
the “Rose of Winds”, provided
the **Golpe** and elimination of
ministers, communists,
socialists....

The government tried to prove that "Rose of Winds" was fascist paramilitary organization, and minimize or hide the situation.

The investigation moved from Padua to **Rome Court** and it was merged into the **Borghese Golpe Trial**.

But Tamburrino, shortly before losing the investigation, he arrested the head of SID, General Vito Miceli.

The accuse was: *“having promoted, formed and organized a secret association composed by military and civilians, with the aim of provoking an armed Insurrection”* .

During the investigation,
in 1974, it comes out,
another attempted coup
planned for the summer:
The Golpe “Sogno”

The situation is
worrying....

Giulio Andreotti, in 1974 Defense Minister

The situation was so serious
that the Defense Minister
Giulio Andreotti

tasked General Maletti, to collect
and deliver adequate
documentation on the subversive
activities of the previous years.

Then, Andreotti changed suddenly a dozen general and admirals in order to prevent another coup d'etat planned for 10th August 1974

This coup was named “Golpe Sogno”.

For the changed situation the
Golpe was not activated

In September 1974 Andreotti
commanded to SID to
communicate, to the court, the
information available to service

■

The SID sent papers relating to the *Borghese coup*, "*Rosa dei Venti*" and Sogno coup. It was finally sent material collected by the Department "D" (at that moment considered integral)

Immediately, It was evident that the “service” had followed, from the beginning, “Fronte Nazionale” and There was described contacts with the leaders of “Ordine Nuovo”

Some of important members of Ordine Nuovo were:

- Delfo Zorzi – Arzignano (Vicenza)
- Carlo Maria Maggi
- Franco Freda (Padova)

This members is also important for our story.

We lived in this area, and we saw something...

Something was also described in the papers disappeared in Rome Court.

But at that moment, we didn't know
All these things!.

Initially the investigation on
Coups “Sogno”
were made by Judge
Violante in Turin

Then, as coup “Rosa dei Venti”, the investigation was moved to **Rome Court** and was merged into the Borghese Golpe Trial

Piano Solo

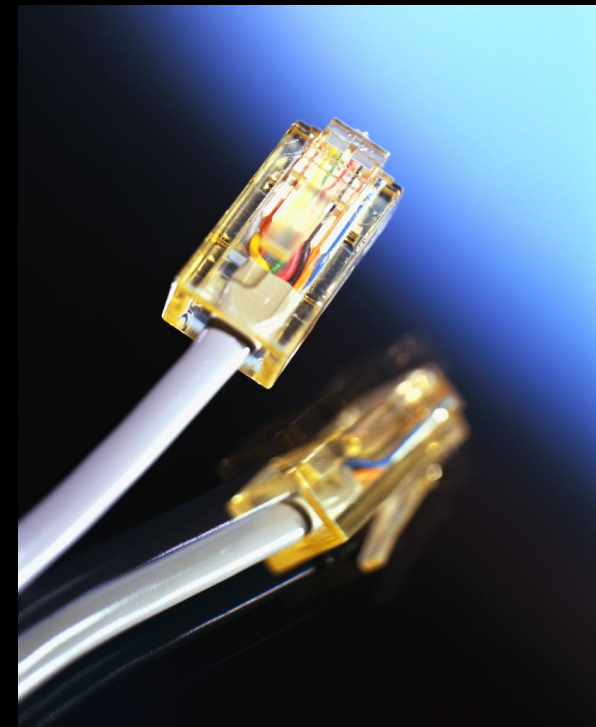

1964

The plan was a draft military emergency, in order to assign to Carabinieri Arm power in Italy. It was about to be implemented in the summer of 1964. It may be considered like a coup d'Etat.

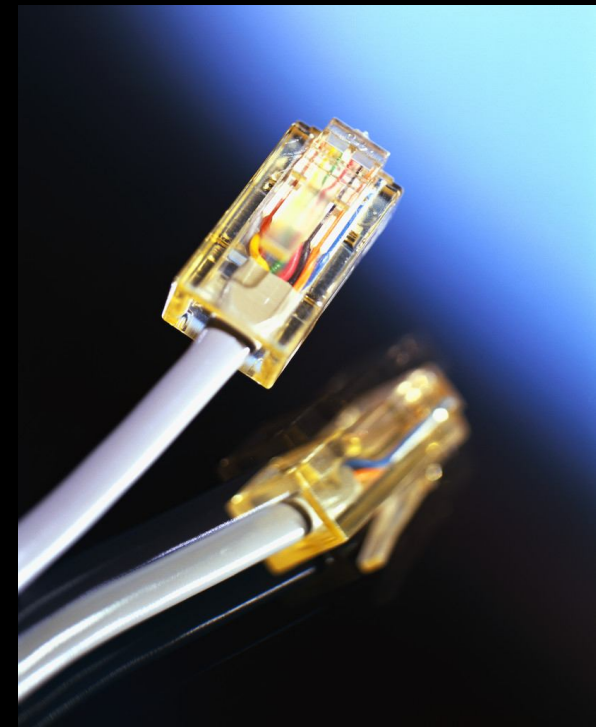

The plan would originate along with other secret military projects. It was created to respond to possible conducted subversive.

It runs through a clandestine network, already created by organizations and structures such as "stay-behind". Facilities coordinated by NATO through SHAPE-men infiltrated into commands FTASE

In practice, the plan was
against the
Communists.

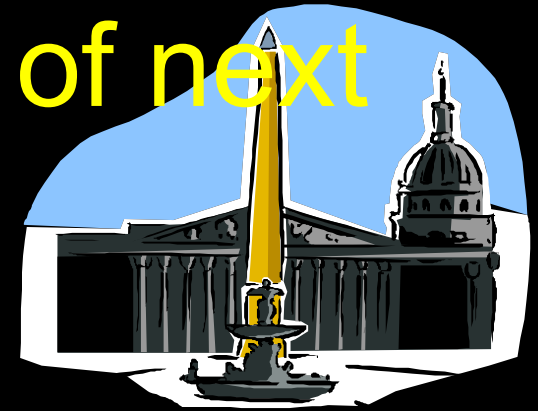

In June 1964, the traditional military manifestation had been performed by a number of military extraordinarily high than usual

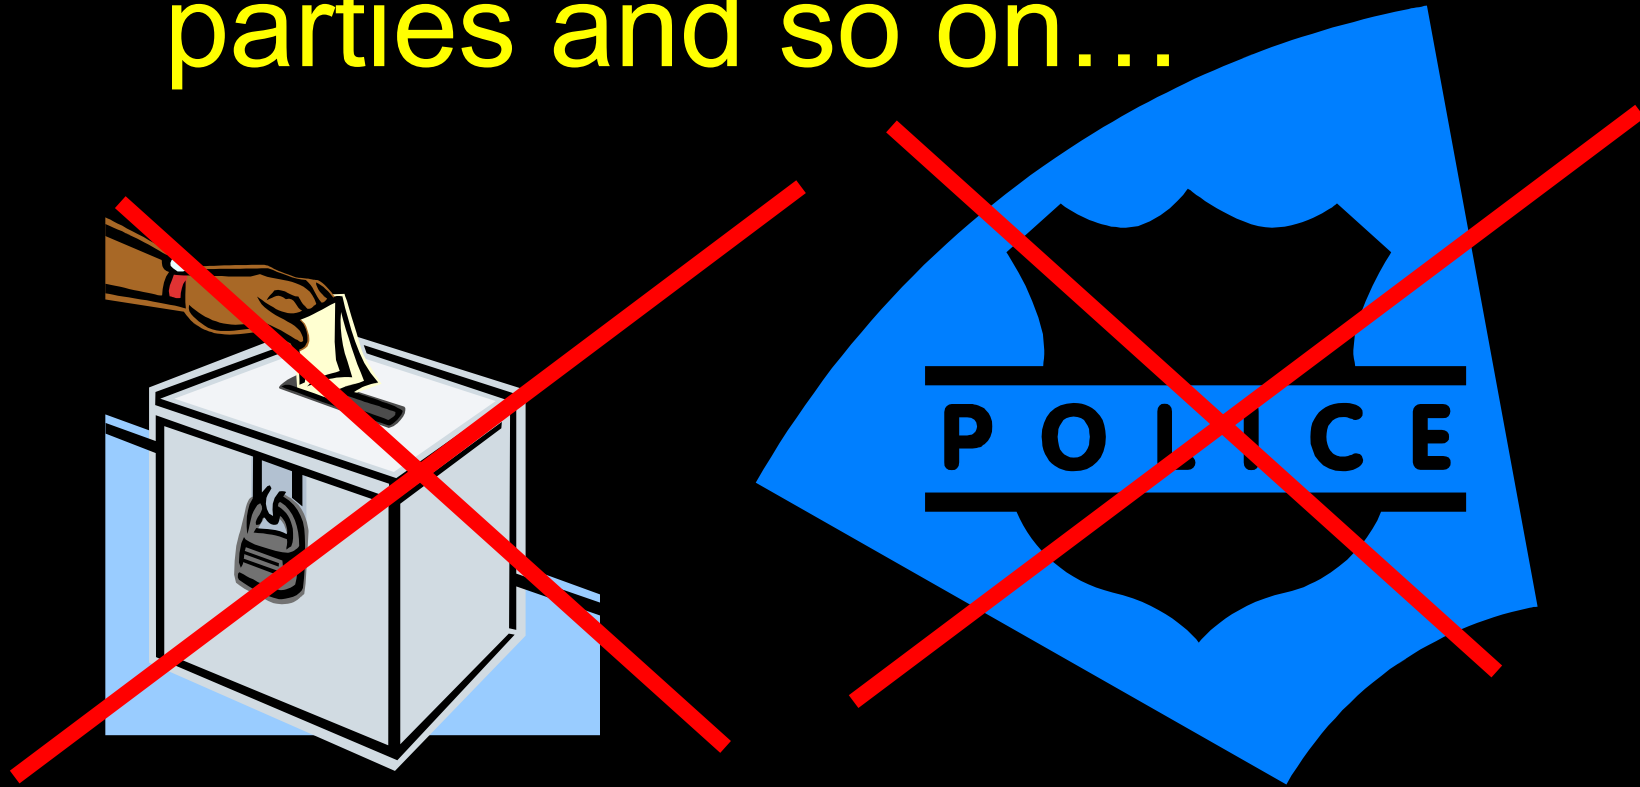

After the parade, however, citing reasons of logistics, the General Command announced that troops flocked to the capital for the celebrations there would be retained until the end of next month

In Rome also arrived paratroopers and special forces. Military moved to Milan and Rome in great secrecy and strictest confidence to be prepared in case of implementation of the plan so that able to occupy the premises immediately Rai-Tv.

The plan was still to occupy
even police headquarters,
parties and so on...

But, The Plain “Solo” for some reasons, was not activated.

1969

Strategy of Tension

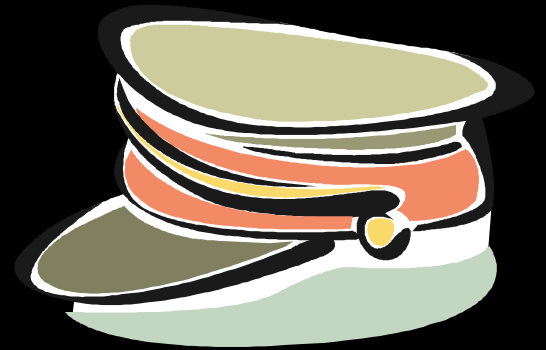

In 1969, the men , who in 1964 had participated in the piano “SOLO”, went into action in front of the new communist threat, with a new strategy of "revolutionary war unorthodox."

It had started the “strategy of
tension”

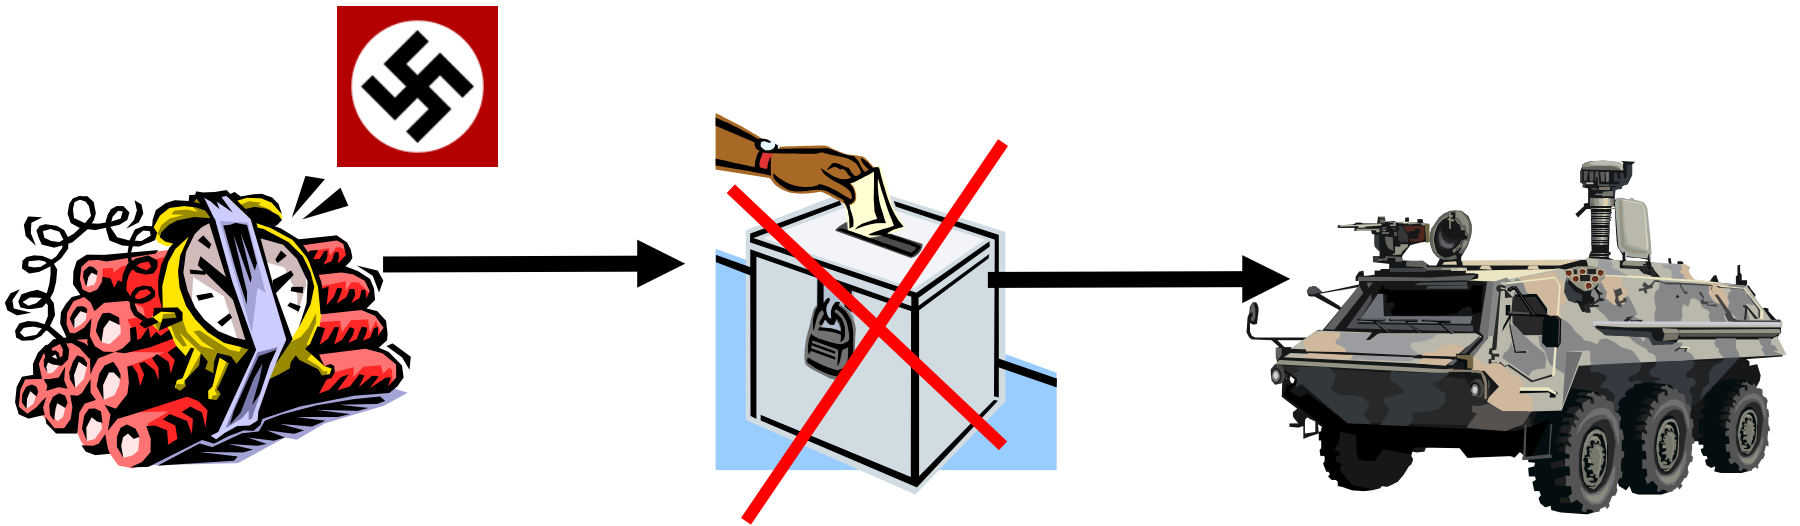

The greatest exponent of this
(civil) war was General Adriano
Giulio Cesare Magi Braschi

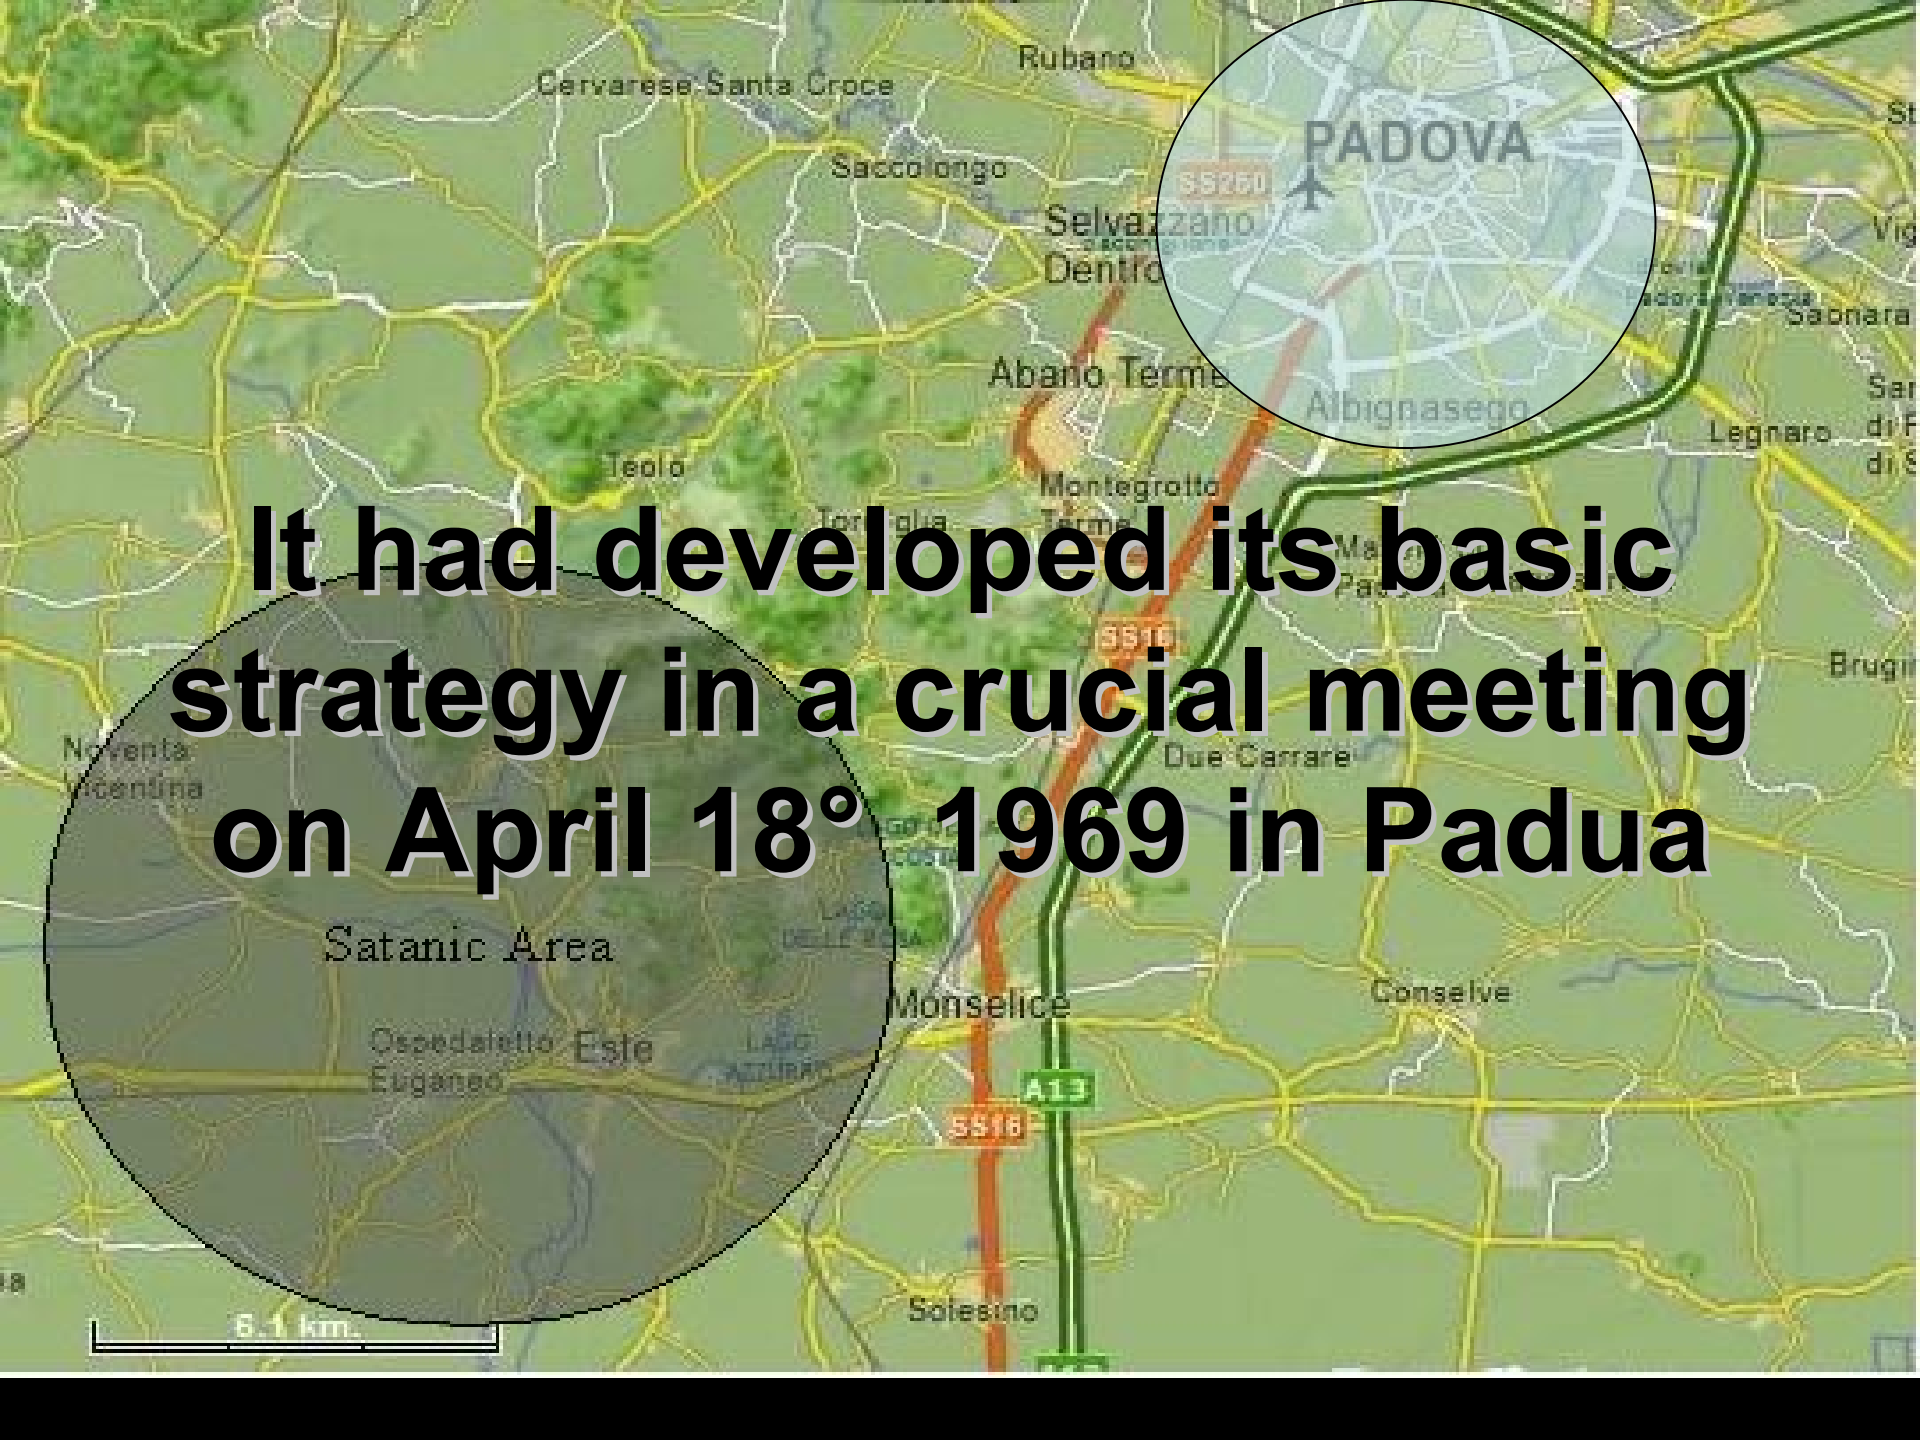

The operating arm of “the strategy of tension” was formed by “Ordine Nuovo” and “Avanguardia Nazionale”

The strategy of tension provided through a series of attacks and massacres, to declare a state of emergency, dissolve the parliament and to go to the military power

Ordine Nuovo was a subversive
Nazi-fascist movement, It was
divided on a Padua director
(Franco Freda) and on another
Roman part(Stefano delle
Chiaie).

It had developed its basic strategy in a crucial meeting on April 18^o 1969 in Padua

The image shows a satellite-style map of the Padua region in Italy. A circular inset in the upper right corner provides a closer view of the city of Padua, with an airport icon and the name 'PADOVA' clearly visible. A large, semi-transparent grey circle in the lower-left quadrant is labeled 'Satanic Area' and encompasses the area around the Euganean Hills (Euganeo). Major roads are marked with numbers like SS260, SS16, and SS18, and the A3 highway is also shown. A scale bar at the bottom left indicates 5.1 km.

Other important members were
Delfo Zorzi (Arzignano-Vicenza),
Paolo Molin, Carlo Maria Maggi...

They were in contact with the
General Magi Braschi (Verona,
Rovigo)

Cesare Magi-Braschi
descended from a noble family
Neapolitan. He died on 22^o
May 1995 .

Graduate in Germany in Social Psychology is also specializes in public opinion in France. For this reason it was called, in the years 1960, to play continuously lessons at the Perugia University

General MAGI BRASCHI was an officer in the Army along with the SIFAR, used in SIOS army, the subject of many merits including the German Iron Cross. Braschi had made career specialization in the study of psychological warfare and not-orthodox war, and he became, in the early '60s, responsible for the "NUCLEUS WAR NOT ORTHODOX of SIFAR" (see remark of ROS on 8.5.1996, vol .23, fasc.9, ff.116-117)

For more than 40 years, he was
one of the greatest experts and
propagandists of the “war
unorthodox”

Cavallaro and other conspiracy members came out the name of General Braschi only after 1995

(Braschi died in 1995)

**Piazza Fontana
Massacre**

In the “Piazza Fontana”
Massacre sixteen people were
killed and up to 90 were
wounded Various massacres
were made

Far-right terrorist organization *Ordine Nuovo*, was suspected. On March 3, 1972, Franco Freda, Giovanni Ventura and Pino Rauti were arrested, charged of having planned the terrorist attacks of April 25, 1969 (at the Trade Fair and Railway Station of Milan) and of the 8 and 9 August 1969 bombings (on several trains). The two were later accused of the Piazza Fontana bombing.

The strange is that, In 1974 the trial was moved from Milan to Catanzaro.

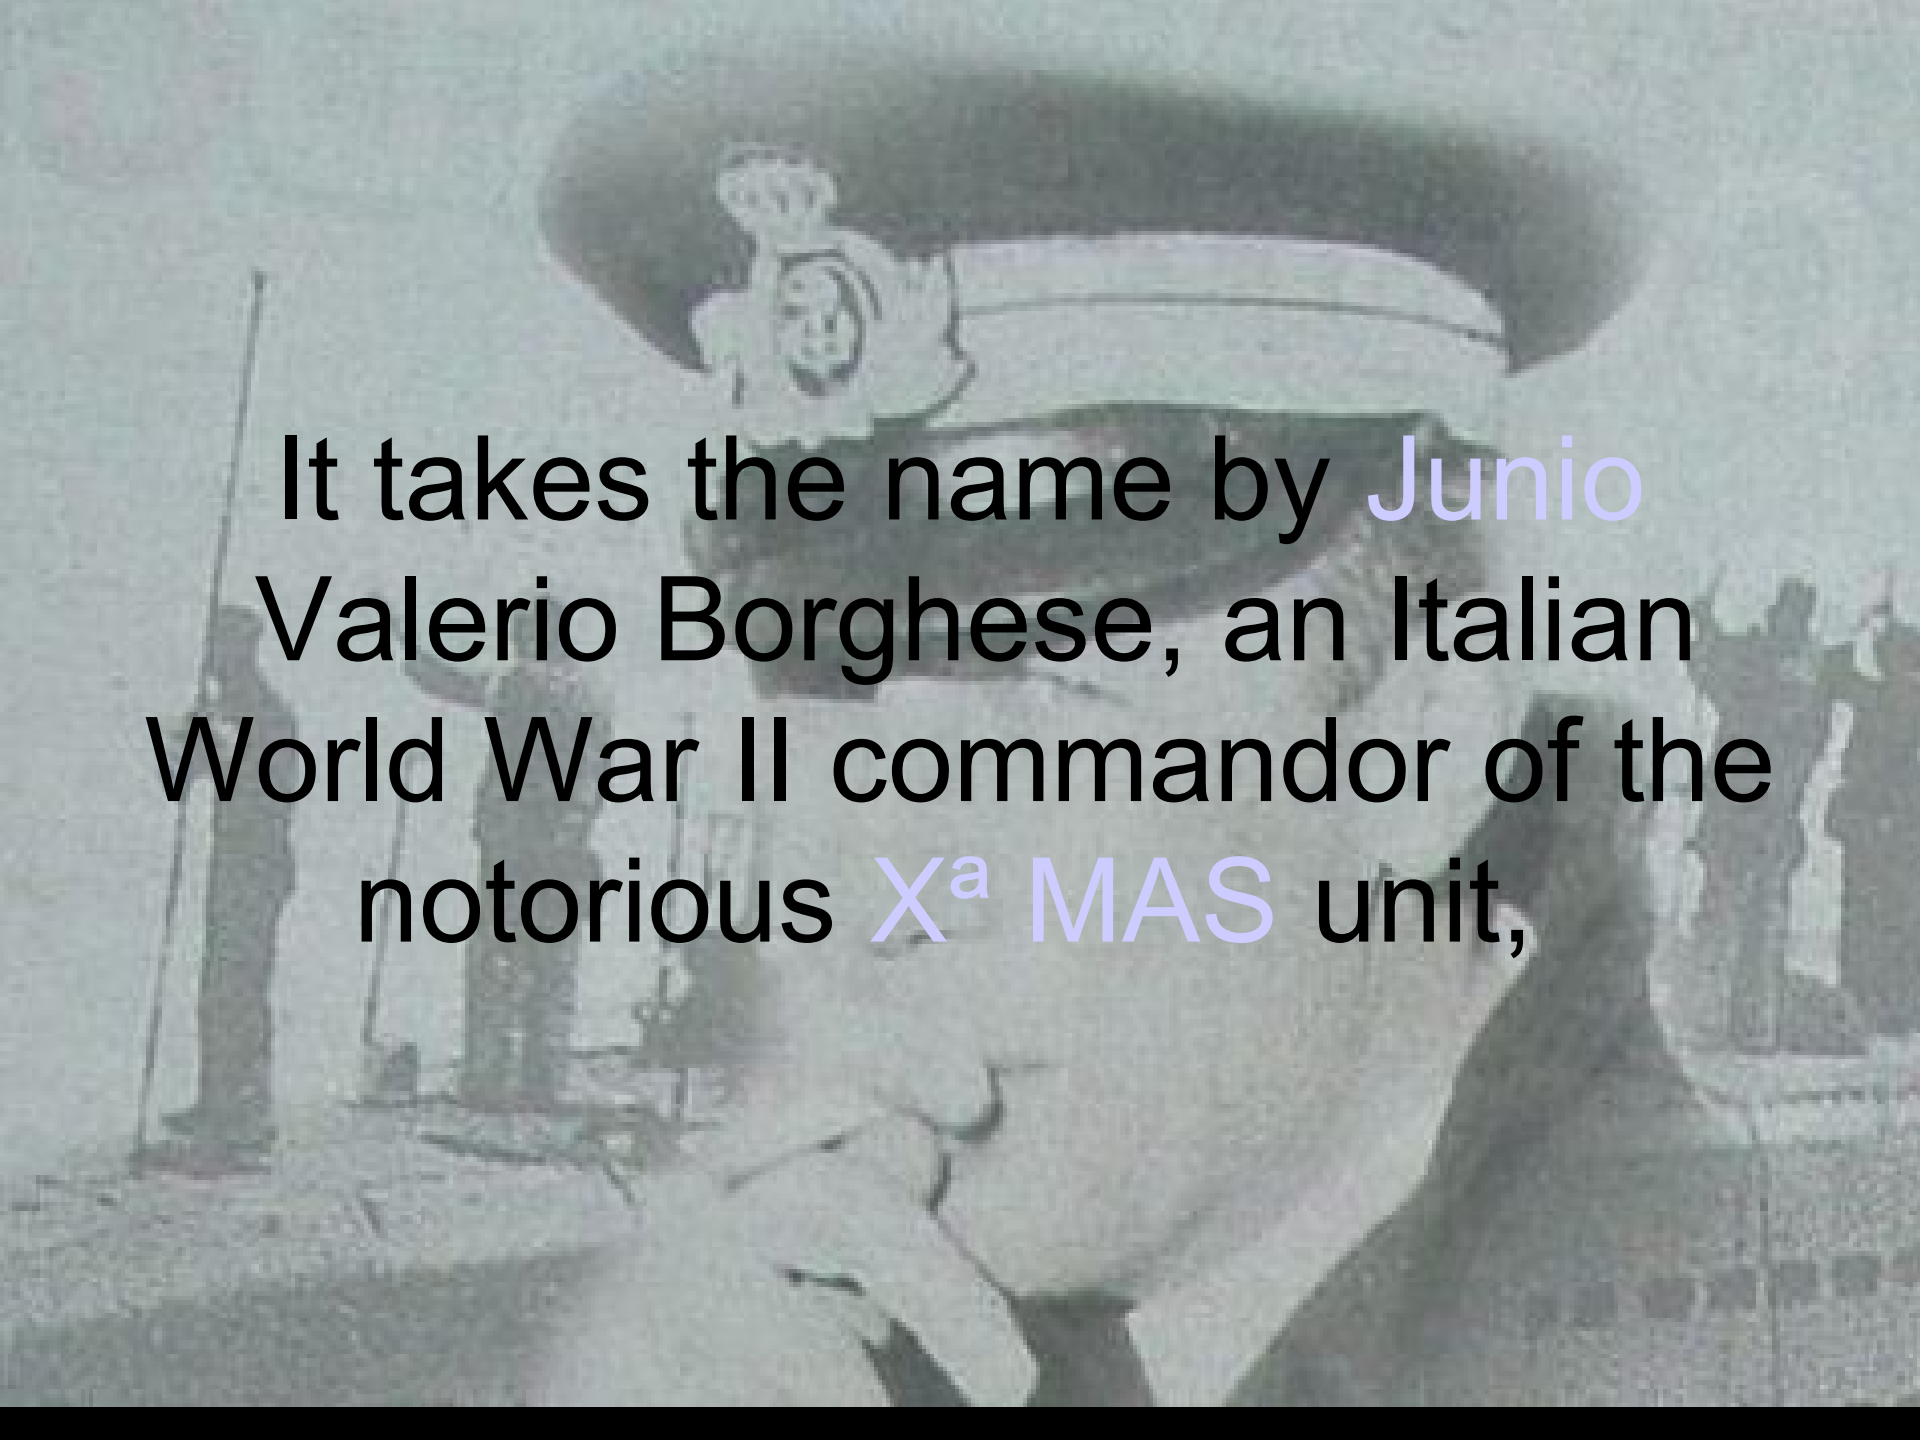

Why?

Veneto-Ndrangheta

1970 ,Golpe Borghese

The **Golpe Borghese** (also known as "Tora Tora") was, allegedly, a failed Italian coup d'état that was planned to take place in the night of 7 on 8 December, 1970.

It takes the name by Junio Valerio Borghese, an Italian World War II commandor of the notorious X^a MAS unit,

Borghese it is also famous as the "Black Prince", a hero in the eyes of many post-War Italian fascists

To the other hand, Borghese and X Mas, they are generally considered to have been similar in ferocity to the SS, and it is with this part of their history that most Italians connect the X^a MAS today

Inquiry

The first arrests concerning the coup attempt were made in March of 1971. First arrested were Mario Rose, a retired army major Remo Orlandini, Sandro Saccucci. An arrest warrant for Borghese was also served, but he could not be found

Later arrestees included
Giovanni De Rosa and a retired
Air Force colonel,
Giuseppe Lo Vecchio.

and shortly thereafter General
Vito Miceli, a former head of
SID

According to several Mafia turncoats such as Tommaso Buscetta, Borghese asked the Sicilian Mafia for support for the neofascist coup. In 1970,

Only in 1974, with investigations about “Rosa dei Venti” and Golpe “Sogno” come out the importance of the situation

But with the transfer of investigations in Rome, many things were hidden, And many crimes erased

Many things we know only now,
thanks to the investigations of
the Judge Salvini, to a
parliamentary committee and
other trials
