### Mission

The aim of Kalkeri Sangeet Vidyalaya is to help children from humble backgrounds realise their potential. By doing this in many ways, we are confident they will be able to create a brighter future for themselves and, through their music, will be able to contribute to the conservation and diffusion of India's vast musical heritage.

The school provides a musical and academic education to one hundred and sixty children. In addition, food, accommodation, health care and clothing are also provided, and everything is free. There are no fees at all.

**Kumar Siddappa Hoolikatti**

### History

Founded as a registered society (No: 127 2003-04) in July 2003, Kalkeri Sangeet Vidyalaya is located in a quiet valley about 15km from of Dharwad in Karnataka State, South India. Established on three acres of land the school consists of simple buildings made from traditional materials.

In this peaceful setting, the children enjoy the tranquillity necessary for their academic studies, music practice and many other cultural activities. The students are trained and taught by a team of experienced and motivated teachers, and many of the music teachers are professional and renowned musicians in their own right.

A professional and dedicated team also looks after the children's physical, psychological and welfare development.

The school is now integrated with its environment and the waiting lists for admission to the school are testament to its growth, development and overall culture and ethos which are greatly respected.

**The Kalkeri Countryside**

## Academic Programme

**S**tudents admitted to the school come with a variety of academic abilities. Some have attended Government Schools; some have been to Private Schools; some have had no schooling whatsoever. All these different educational backgrounds of our students ensure that we strive to give a singular direction to our educational programme for the benefit of all.

**2<sup>nd</sup> Standard Extra Class**

It is fortunate that KSV is a residential school so our students always attend their classes – maximum of 30 students – and, due to which, the teachers are able to ensure that each child gets close attention in all subjects and studies.

Studies are according to the Karnataka State Syllabus and the medium of instruction is Kannada; English and Hindi are taught to a high level as second languages. Other subjects include mathematics, science and social science. Extracurricular activities include reading classes, conversational English classes, art classes, storytelling, moral education, library time and games and sports.

## Music Programme

**O**ur music programme is inspired by the Indian tradition of the Gurukul. At Kalkeri, students learn vocals, harmonium, sitar, tabla, violin, bansuri or shennai. Each student is assigned a professional teacher for music lessons three hours a day, six days a week. By assimilating music on an intense daily basis, the youngsters become accepted members of the musical lineage of their mentors. In turn, this new identity gives them access to the world of professional musicians.

**Vocal Class**

We firmly believe that, by perpetuating the Guru-Shishya Parampara in music, the KSV students will bring a noteworthy contribution to India's culture and heritage. Some may become professional musicians themselves; others may choose a different path, but no matter which they choose, they will still retain aspects of the tradition and transmit some of this into their work or family life.

## Social and Personal Development and Welfare

There are many values involved in social development and KSV aims to integrate as many of these as possible into life throughout the school. The main values underlining the entire ethos of the school are those of justice, non-violence, equality in every nature, sharing, cooperation, excellence and respect for people and one's environment. By implementing these values in all we do at the school, we believe our students will be well-prepared for adult life and will become honest and responsible members of society who will serve their people and be a source of inspiration to their communities.

The health and welfare of our students are of primary importance. Diverse and healthy meals are prepared on campus and provided at the school three times a day, and eating is a communal activity. A small separate medical unit at the school monitors the children's health. In the event of a serious illness or accident, children are taken to the local hospital by a member of staff.

The origins of KSV were basic but clear: through the medium of traditional Indian music combined with yoga and academic teaching, the lives of disadvantaged children could be transformed. For many of these children no formal education was available, so the first step was to set up a teaching and learning environment for them. Teaching and guidance provided by a team of dedicated professionals then gave these children the ability and confidence to stand on their own two feet and in time they will become creative and resourceful citizens of the world.

The academic school year 2009-10 was primarily marked by the success of the 10<sup>th</sup> Std students in their SSLC examinations. These young adults, who have been at KSV since the beginning of the venture, are now enrolled in Pre-University Colleges (PUC) in Dharwad and some of them are the first in their respective villages to attain this level of education. Their enthusiasm for their studies and their active involvement in music increases year after year.

This year KSV welcomed 26 new students - 13 girls and 13 boys; 22 new students in 1<sup>st</sup> Standard and 4 new students in 2<sup>nd</sup> and 3<sup>rd</sup> Standards. In total there were 140 students enrolled at KSV, 63 girls and 77 boys. A total of 131 students were in primary and secondary school education (1<sup>st</sup> to 10<sup>th</sup> Standard), 8 students in Pre University Colleges and 1 at College studying his second year B-Music.

The music department of the school has continued to improve by attaining almost 100% pass rate in external music exams such as the Gandharva Mahavidyalaya Sangeet Exam and Karnataka Secondary Education Examination Board (KSEEB) Junior Music Exam. Another sign regarding the quality of the student's performances is the frequency with which they are invited to play on stage. This year they had the pleasure to accompany their teachers several times on stage and to travel out of state on tour. Another highlight of the year was the increase in the number of students attending the school library. Over the years the students have gradually acquired a taste for reading and are now starting to enjoy and love this activity. This is an extremely positive habit that gives these young people an additional way to develop their imagination, focus their attention and open their minds. It also allows them access to a diversified source of information. This year the library was moved from the office to a separate room giving it the prominence it deserves.

Furthermore, the installation of a water filtration system and new water supply system and the purchase of a vehicle for the school have improved the health condition of the students and logistical organization at the school.

## School Students

This year KSV gained Government recognition for the 3<sup>rd</sup> Standard. The school is aiming to gain full Government recognition eventually. In addition to this, we are steadily creating an environment within the campus that is free of fear for these young people which makes learning an enjoyable, interesting and rewarding experience.

This year a welcome addition to the academic curriculum was conversational English classes for all students in and above the 5<sup>th</sup> Standard. In general there has been a marked improvement in the students' English language skills but it is the aim of these classes to encourage the less confident students to start and speak more in English.

There were some additions in the academic teaching staff this year. The new staff who joined the academic department this year were; Smt Shailashree Kumbargani, Smt Pushpa Kumbargani, Shri.N.Badiger and Smt Rajeshwari Doddamani.

In the 2009-10 school year the students achieved a 91% success rate in examinations. Although we did not achieve our ambitious target of 95%, we must highlight the hard work and diligence of our students by noting an average growth rate of 5% in the school year academic examination results between 2008-09 and 2009-10. Generally there was an average increase of 10% in academic results between semesters. (See table overleaf).

## College Students

**K**SV's nine students at Pre University College and Music College all passed their exams in March 2010. (See table below). Their respective time tables are relatively full because as well as their academic studies they continue their music studies by both attending classes and daily practice.

The college students return to KSV every afternoon and after extra academic tuition classes participate in activities at KSV such as helping the other students, taking part in extra study programs and generally helping as and where needed. These older students are becoming the younger student's mentors. It is KSV's aim to continue to provide for them logistically and financially until they have secured their first job in the field they have chosen.

Once again the children have gone from strength to strength in their music studies. In fact the students are now at a stage where they are able to put on impressive music concerts in both vocal and instrumental. Each year the students are being entered for exams and the results are very promising indeed. Out of all the students entered for the KSEEB Junior Music Exam in the last four years, they have all achieved a first class pass except one student who achieved a second class pass. This is primarily due to the diligence that is taken by KSV in employing the right members of staff as well as the hard work and effort that has been put in by both the students and their teachers.

**Children playing Bansuri Flutes donated by Akshar Kids**

This year, for the first time, KSV organised internal music exams. This was done in order to evaluate the students' progress and aptitude in music. Internal exams will be held on an annual basis every January. A pass mark of 50% was set for the students, which is above the national average for other examinations set at 35%. All the students passed these exams.

This year there were some changes to the teaching staff in the music department. KSV was very sad to lose Shri Arjun Vatar who held intermediate vocal classes and left in December 2009 to concentrate on his PhD studies and was replaced by Smt Pratibha Hegde. For the elementary vocal group, Shri Ravikumar Dhage joined KSV from March 2010. The students in the sitar class have the opportunity to learn from two excellent and capable teachers. Their primary teacher is Smt. Noorjahan Nadaf who joined the KSV music team in January 2010 and Shri Mohasin Khan, the son of Shri Ustad Hameed Khan, one of the founders of KSV, joined KSV in June 2009 and comes to give classes on a part time basis.

This year forty-one students were entered for external music exams; seven students were entered for KSEEB Junior Music Exam and obtained an average mark of 76% and all seven were successful. Thirty-six students were entered for the nationally recognized Gandharva Mahavidyalaya music exam, 94% of them have successfully completed this important step in their musical education. (See results tables overleaf).

**Students Practising Music with Instruments Donated by Akshar Kids**

**KSV's Junior Tabla Class**

**T**he physical and psychological health of our students is always a priority. All efforts are made to provide appropriate treatment and ensure a comprehensive follow-up for any health issues. This year KSV's health department focused on the collection of statistics and results and has started using new indicators. This has been implemented in order to measure and improve the health progress of our students, the hygienic conditions of their environment and the impact of our approach to health education.

We have weekly updated individual health records and by using this tool we can compare each students' results during the current year with previous years, and also compare results between new students (in the school since two years maximum) and older students.

Furthermore, we biannually measure the height and weight of all the students and compare the results with the national average and the standards considered as desirable by the World Health Organization (WHO). The Body Mass Index (BMI) is now our main performance indicator for this matter. For the school year 2009-10, approximately 80% of our students have a BMI within the acceptable limits of the WHO. We believe these results are positive and encouraging. Our main goal is that 100% of our students will have normal and desirable growth rates. To ensure we reach our target, we will pay special attention to balanced diet and nutrition.

In order to take better care of the girls at KSV, we employed another girls' warden; Smt Shridevi Chavan who joined the team in November 2009.

**Children at Play Time**

**Student attending SDM Dental College**

Another activity organised this year was the election of the Children's Council. This is a six member committee made up entirely of students. To ensure an even representation the students elected 2 students, one girl and one boy, from the 10<sup>th</sup>-8<sup>th</sup> Standards, 2 from 7<sup>th</sup>-5<sup>th</sup> Standards and 2 from the 4<sup>th</sup>-1<sup>st</sup> Standards. This committee met every second Sunday where they had the opportunity to be the voice of the students and the link between students and the administration team. They could put forward complaints, requests or suggestions for improvements. The main work of the Children's Committee this year was a student's satisfaction survey whereby the students were asked how they felt about different aspects of the school, such as teaching methods, curriculum content, the kitchen menu, the school's discipline policy etc. The results were mainly positive but a few complainants were noted and appropriate action was taken.

The school's administration does not want to be dictated to by the students but their suggestions and opinions are just as valuable as anyone else's - after all it is their school - so we hope that this committee will go on to be a valuable tool for the students to express themselves whilst giving them the opportunity to learn a little about democracy.

As mentioned previously, this year there were improvements to the drinking water supply system. Firstly a water filtration plant capable of delivering 250 litres per hour of clean and safe drinking water was installed in March 2010. This works through a process of filtration through sand, carbon, micro and UV filters. After installation we had the water tested for potability and the results showed the drinking water to be 100% safe for drinking.

Secondly, improvements were made to the water delivery system throughout the campus. New tanks were installed at strategic points and a semi-automatic refilling system was implemented. This ensures there is always a supply of water for all purposes and it makes it much easier and quicker to fill up all the tanks in the campus.

**Installation of the New Water Filter**

## Volunteers

This year KSV welcomed twenty-seven volunteers from Canada, France and Germany.

Their involvement gave the children the opportunity to learn about cultural differences and allowed them to understand the world from a broader point of view.

The presence of volunteers in KSV contributes significantly to the smooth functioning of the institution.

**Genevieve with Students in a Maths Class**

**Clélia Bobichon Playing at a Music Concert**

Cultural Dialogue and Exchange (ICDE), Bangalore. Totally there were four volunteers from Germany - Anne, Ismat, Hannah and Felix - all stayed at KSV for periods between four months and one year.

This year Clélia Bobichon, a professional musician from France, who was the main volunteer in charge of cultural activities, developed recreational and artistic activities and specialized workshops for the children such as listening to children records, workshops on classical western music, internal program organization involving all the volunteers and craft workshops.

Volunteers come to KSV and help out in the classrooms as assistant teachers, in the office for administration work, cultural animation, medical healthcare, gardening and many other tasks. Their tasks are pre arranged during the selection process based upon their qualifications, experience and capabilities.

This year KSV welcomed volunteers from Inter

This year the administration was strengthened by the come-back of Shri Avinash Patil. He had previously worked for the institution three years ago as the accountant but left for better prospects in Bangaluru. He has now returned after gaining more experience in accounts and now has a more senior position in the management team.

Another welcome addition to the team was Shri Yashwant Shinde who joined in March 2010 and holds the position of accountant.

This year a new filing system was made whereby each child has their own file which contains all their important documents and certificates etc.

5th Standard Class

### Sports and Games

**E**very year the KSV Olympic Games are held and each year more and more students participate. This year even the youngsters took part in the games. Students were organized into teams and took part in many competitive events, such as high jump, long jump, various running events, hockey, volleyball, etc. Certificates, medals and awards were given to the winning students and teams in a small ceremony after the games. KSV encourages its students to be creative rather than competitive but despite that the annual Olympic Games event is thoroughly enjoyed by everyone who takes part.

**KSV Olympics Prize Giving**

Many other activities were organized by the volunteers for the children in their free time such as treasure hunts, nature walks, hide and seek games, picnics, etc.

**Artisans of Change Film Crew from Canada**

### Filming

**F**rom the 21<sup>st</sup> to 24<sup>th</sup> February 2010, KSV welcomed a film crew from Quebec, Canada from the organization "Artisans of Change." The two-member team did various filming sessions and made a short 20 minute film about KSV. They filmed the children at school, as well as some of the college students at their colleges in Dharwad and at their homes. The film will be released in November 2010.

### Concerts, Programs and Functions at KSV

#### 15<sup>th</sup> August 2009 - Independence Day

Everyone at KSV attended the function. The students hoisted the national flag, gave a music program and there were several speeches from the teachers and children. The day was also marked by the visit of Shri Uday Bhawalkar, one of India's younger generation's leading exponents of Dhrupad. He gave a short performance that was well received by the students. In the evening some of the older students attended a music concert by Shri Uday Bhawalkar at KCD music college, Dharwad.

Madam Leela Patil

#### 18<sup>th</sup> September 2009 – Music Program

This day saw Shri.Ragunath Buddee, a local flute player, and Shri.Mohasin Khan, one of our sitar teachers came to KSV where they made a small Jugalbandi musical program of Flute and Sitar which was greatly appreciated.

#### 2<sup>nd</sup> November 2009 – Parent's Meeting

When the students returned from their mid-term holidays, KSV organized a parents' meeting day. Various talks were given about the importance of education, KSV's education policy and the importance of the students and their families respecting the school's code of conduct. The previous semester's exams results were also announced and prizes and certificates were awarded for the best students and for those showing considerable improvement.

Parents and Children at Parent's Day

### 14th January 2010 - Sankranti Festival

Everyone at KSV attended the function. Students and some members of the team went to swim in Honnapur Lake and then had a picnic. Some of Madam Patil's family members organised and paid for lunch for everybody.

### 26th January 2010 - National Republic Day

The whole school attended the ceremony. The national flag was hoisted and there were various speeches from teachers. In Sai Nandan (the central hall) there were presentations and musical performances from each of the music classes.

### 11th February 2010 - Concert Organized by the Volunteers

Everyone at KSV attended the event. Volunteers and children gave a performance in which they sang the songs they had learnt during the year and a special composition they learned especially for the occasion.

Volunteers Performing Indian Dance

### 28th February 2010 Holi Festival

Everyone at KSV attended the function. After the usual riot of colour the students and members of the team went to swim and clean off in the Honnapur Lake.

Republic Day Attended by Shri Mathieu Fortier

Celebrating Holi Festival

## Performances Given by the KSV Students

**D**uring the school year the KSV students attended more than 30 Indian Classical Music programs in and around the Dharwad region including all the programs organised by Bhartiya Sangeet Vidyalaya. In addition there were many performances in the school campus during guest visits. Our students also had the opportunity to perform for the public several times on different stages of the region and this year the students had the chance to attend two music tours out of the state of Karnataka. In March and April they went to Goa to play on two separate occasions in professionally organised events.

### 1st August 2009 – Lion’s Club Program - Dharwad

During a festive meeting of members of the Lions Club Hubli-Dharwad organized by its members, many students from KSV hosted the evening with a classical music concert.

### 15th November 2009 - Bendre Bhavan - Dharwad

A concert of "Light Music" was given by one of KSV's vocal teachers, Shri Arjun Vatar. Two of his students accompanied him with the tanpura.

### 20th February 2010 - Bendre Bhavan - Dharwad

One of our older students, Kumar Basavaraj Hugar, a second year PUC student, gave a solo vocal performance at a music program organized by the State of Karnataka.

His performance was well received and he was given a gift of ₹500.00. He was also interviewed by local journalists and an article was printed in the newspapers the next day.

**Basavaraj Hugar & Dayanand Sutar at Bendre Bhavan**

### 12th March 2010 - Veereshwar Punyashram- Gadag

The children had the opportunity to listen to a public vocal performance by their Guru, Pt.Somanath Mardur, and two of them accompanied him with the tanpura. They also had the chance to listen to the performance of the nationally famous tabla artist Kumari Rimpa Shiva.

**14th to 18th March 2010 -  
Music Tour - Goa**

Twelve students had the great opportunity to go on music tour to Goa. They gave three concerts in different venues such as the "Bakhti Kuttir" and "Shanti Place" located on the beach at Palolem, and the "Liquid Sky Club" on the Ashem beach.

**Tues. 16<sup>th</sup> Mar. 2010**

**Young Musicians of the World**

**TRADITIONAL MUSIC**  
**FREE CONCERT BY THE STUDENTS OF THE SCHOOL**  
Opening time : 6pm - Concert at 7.30pm  
Look club - Ashvem Hill - Goa

**2nd and 3rd April 2010 -  
Music Program - Goa**

Twelve students went to Goa to give a program at a private event at the famous French restaurant "La Plage". During this event the children were a little dumbstruck as in the audience was the most popular Bollywood film actor in India, Shri Amitabh Bachchan.

**History of the organization :**

The aim of Kalkeri Sangeet Vidyalaya is to help children from humble backgrounds realise their potential. By doing this in many ways, we are confident they will be able to create a brighter future for themselves and, through their music, will be able to contribute to the conservation and diffusion of India's vast musical heritage. The school provides a musical and academic education to one hundred and forty children. In addition, food, accommodation, health care and clothing are also provided, and everything is free. There are no charges at all.

**Program of event :**

- Presentation of the school
- Group song " Light music " 5 girls singing with Harmonium and Tablas ( 30 min)
- Instrumental set with Sitar, Tablas and Vjolin (20min)
- Vocal solo set 1 girls singing "light music" ( 15min)
- Vocal solo set 1 boy singing "light music" ( 15min)
- Tablas solo set ( 20min)

**FREE CONCERT BY THE STUDENTS OF THE SCHOOL**  
Opening time : 6pm / Concert time : 7.30pm  
Liquid Sky at Look Club - Ashvem Hill - Mandrem

## Exams and Competitions Attended by the KSV Students

### 24th May 2009 - Junior Music Exam – Dharwad

Seven students were entered for the Junior Music Exam. Four students tested their ability and knowledge in Vocal, two in Tabla and one in Sitar.

### 13th, 16th and 17th July 2009 – ISKCON Temple Cultural Competition – Dharwad

Twenty students participated in various competitions of traditional artistic disciplines organized by the ISKCON Temple, Hubli-Dharwad. They competed in Bharatnatyam dance, solo vocal and group vocal.

### 23rd July 2009 – Inter School Cultural Competition - Mugad

Several students went to participate in a multiple discipline cultural competition organised by the Government of Karnataka. Our student Priya Kulkarni won the 2<sup>nd</sup> prize in Vocal Solo.

### 22nd September 2009 - First Semester Academic Internal Exams

All students from 1<sup>st</sup> to 10<sup>th</sup> Standard passed their mid-term exams according to the examination papers provided by Ministry of Education of Karnataka.

### 22nd November to 5th December 2009 - Gandharva Mahavidyalaya Sangeet Exams – Dharwad

Thirty-six students were entered for music exams with the nationally recognized Gandharva Mahavidyalaya. Students were entered in a variety of disciplines such as sitar, tabla, vocal, and bansuri and they were evaluated in theory and practical skills.

### 22nd March 2010 – Second Semester Academic Internal Exams

KSV Academic Exams

**Pandit Ravi Kudalgi's Tabla Class**

### **December 2009 – Internal Music Exams at Kalkeri Sangeet Vidyalaya**

All students at KSV were evaluated in theory and practical skill for Tabla, Sitar, Vocal, Violin, Shehanai, Bansuri and Bharatnatyam Dance.

### **26th & 27th April 2010 - Admission Interview Process**

As in previous years the demand for admission at KSV was high. There were more than 200 applications for 1<sup>st</sup> Standard and many applications for other standards. After the initial selection stage 80 girls and boys with their families were invited for interviews where they were assessed for their ability in academics and music as well as the commitment regarding the child's education from their families. Throughout the process the main criteria for selection was the child and families social and economic status.

**Joythi Hadapad a 1st Standard Student**

## Meetings and Conferences Attended by the KSV Staff

**Students from JSS Institute of Management Studies on a Visit to KSV**

### **20th November 2009 - Guest Speaker at JSS MBA College - Dharwad**

Mr. Adam Woodward was invited by Assistant Professor Purushottam Bung from JSS Dr.D.Veerendra Hegade Institute of Management Studies and Research of Dharwad to give a talk on social entrepreneurship and emerging social issues and challenges. The final year MBA students then came for a visit to KSV. There was a small music concert to welcome them after which there was a tour of the campus followed by a short question and answer session. Before leaving the students from JSS kindly donated some school stationery and distributed sweets to the students.

### **27th to 29th January 2010- Deshpande Foundation Conference - Hubli**

Shri.A.Kazi and Shri.A.Woodward attended a conference organized by The Deshpande Foundation's Centre for Social Entrepreneurship at Hubli. It was a chance to meet other NGOs and administration teams, civic activists, business leaders, professionals, academics and government officials from various countries and across India for a series of seminars, site visits and plenary sessions about the latest issues in development and social entrepreneurship.

All in all the year was successful as many of our aims and objectives were achieved. KSV and its 10<sup>th</sup> Standard students have maintained a 100% successful pass rate for the SSLC matriculation exam for which we are very happy and proud. Our older students are slowly immersing themselves within the world of higher academic studies. This, for many of them, is a new and exciting world which will ultimately give them the tools they need to bring about substantial change to the social and economic wellbeing of their families.

## Challenges for 2010-11

Each year new targets are met, whether administrative, educational, social or organizational; achieving targets always presents new challenges for the institution. For the year 2010/11, we see the following challenges as the main focus points of our work:

- ♪ Adapt KSV's logistics, material and human resources to our growing number of beneficiaries (each year since 2004 we are welcoming at least 25 new students).
- ♪ Ensure our students maintain good health and we meet our targets in this department by providing well balanced meals despite ever increasing prices in the market.
- ♪ Ensure our senior students get the optimal education by giving them additional skills such as computer skills that are essential in today's modern world.
- ♪ Make the KSV campus self-sufficient for electricity by installing solar panels and batteries.
- ♪ Develop tours and programs as a part of the music education, and work on the artistic structure of our shows.
- ♪ Secure a larger area of land for the institution.
- ♪ Strengthen the administration team by employing a Senior Administrator.
- ♪ Organize an efficient and effective fundraising department in order to ensure financial stability.
- ♪ Develop relationships with other organizations, promote the school and create new partnerships.
