HOW YOU CAN HELP

Since the early days of KSV it has been growing at a tremendous rate, from its inception in 2002 with just 12 brave youngsters to the present day where the school accommodates and caters for **nearly 200 students** and employs **36 permanent members of staff**. In addition to enjoying the growth of the school and the achievements of the students there is the ever-increasing and urgent task of **securing sufficient funds** to run the school, as well as enabling the school to implement additional improvements.

There are numerous grant-making foundations interested in funding specific development projects, but it is difficult to secure general running costs from them, so it is with this in mind that KSV is seeking **regular annual donations** from private benefactors.

Currently the school requires **₹ 4,00,000.00 per month (\$8,900.00 USD)** for its running costs. When you consider the range of activities and services KSV provides it is actually quite a meagre amount. KSV is now searching for supportive and committed donors who are able to give an **annual donation of at least ₹ 10,001.00 (\$225.00 USD)**. With the help of just **480 kind-hearted donors who could give this amount** per year we would be able to meet the financial needs for the school's general running costs.

Currently **KSV supports nearly 200 socially and economically marginalised youngsters**, but to enable us to maintain this support we need to strengthen our own network of benefactors. By giving your support, you can become one of the **"Pillars of Kalkeri Sangeet Vidyalaya"** which will help us continue our activities and support these deserving and courageous young people.

BECOME AN AMBASSADOR

In addition to donors for The Pillars of Kalkeri Sangeet Vidyalaya, we are seeking ambassadors to promote this venture; we hope these people will be able to encourage and gather further committed individuals to become pillars themselves.

If every pillar is able to find another 3-5 kind-hearted individuals then KSV will be well on its way to seeing a much more financially secure future, which will in turn enable us to provide the best services to our deserving youngsters.
