Dott. Salvatore Burrafato &  
Sister Cities Delegation  
Via Vittoria Amedeo, N. 125  
Termini Imerese, Palermo Italy 90018

Dear Dott. Salvatore & Sister Cities Delegation:

I would like to take this opportunity to commemorate the 10<sup>th</sup> Anniversary of our Sister Cities union. It seems like yesterday that we executed the signing of the official Sister Cities Partnership Agreement and yet ten (10) years have already gone by. I am happy to say that over the past ten (10) years we have nurtured our relationship into something more than just friends and have developed a bond that will be with us well into the future. Also during this time, we have exchanged many ideas and have developed various programs that will insure future growth of our communities so that our children will have a better understanding and appreciation of global unity. The strong examples that we have set will be evident as we watch our children grow into adults and follow in our footsteps. It will give us great pride to witness their continued support and participation of the Sister Cities Mission Statement.

Sincerely,

  
Craig B. Johnson  
Mayor
