Informations about the World Games 2005 in Germany, Duisburg Bulletin Nr 2 Page 1/5

Dear Polo peoples,

here you find our second bulletin regarding the World Games 2005. At first I provide in part one some information about our competition and attach in part two the official bulletin of the World Games Organisation. So we try to assure, that everyone gets the same information like I have.

Contents of this bulletin:

1. Preliminary remarks
2. Arrival/Departure
3. Accreditation
4. Accommodation
5. Catering
6. Sport program
7. Scrutineering

## Preliminary remarks

Information's about the World Games 2005 in Germany, Duisburg Bulletin Nr 2 Page 2/5

The first step has been taken!

We put all the information you sent to us into the World Games database. Thank you, for returning the forms to us in time.

Nevertheless we still miss some of the required information or maybe they are not provided to us correctly. We will send an email to the relevant teams or officials to request these information. Please reply as quick as possible, so that we can finish the database for our competition.

Please keep in mind that Canoe Polo is just one part of the World Games puzzle. Of course we will play our sports as usual under our rules but the most organising regulations follow the statues of the IWGA, which are different to our rules, for instance the opening ceremony and price giving ceremony.

## Arrival/Departure

In our Bulletin Nr 1 I asked you :

*Please let the Organisation know by Email to [o.schulte@worldgames2005.de](mailto:o.schulte@worldgames2005.de) when you arrive in Duisburg – by car or train or by plane in Duesseldorf.*

These dates were requested in the accreditation forms too. Right know I haven't all the dates from you regarding your arrival and departure dates and times. That's why we put into the database instead just a "dummy", which has to be replaced by the real data's. That's why please provide the information when you plan to arrive at Duesseldorf Airport, Duisburg Railway-station or by car directly at the venue latest until June 19<sup>th</sup>, 2005 to Mr Schulte [o.schulte@worldgames2005.de](mailto:o.schulte@worldgames2005.de) and me [Joachim.schwarzrock@t-online.de](mailto:Joachim.schwarzrock@t-online.de) so that we can be sure that every think runs well.

## Accreditation

There are two strict requirements, which have to be fulfilled to get an accreditation.

1. Each participant (Athlete, Coach, Official, Team staff etc.) has to have a valid health insurance to get the accreditation. This insurance must cover all expenses for any necessary medical treatments, especially emergency cases, hospitalising and repatriation to your residence country. The minimum coverage has to be 30,000.00 € and this insurance must be effective in all member states of the Contract of Shengen. Every participant has to prove the evidence by presenting the insurance policy or a written confirmation by the insurance company, which fits the coverage mentioned above.

In the case, that a participant does not have a health insurance according to the requirements or cannot prove the evidence, the only way to get accredited is, to buy and pay directly for a temporary health insurance in the accreditation office for the days of the stay in Germany. The amount is about 10-15 € per day.

There will be interpreters available, who can check all kind of documents in any major language.

2. Each participant has to sign the ant doping declaration, provided in appendix 2.

### Accommodation

I told you already, we all stay together in the "CONTI-HOTEL" in Duisburg, Kremerstrasse corner Duesseldorfer Strasse. There are reserved 153 beds for us from the July, 14<sup>th</sup> till the July, 19<sup>th</sup>. I attached an accommodation plan. So you can see, how many and which kind of rooms are prepared for us.

### Catering

If there is somebody who needs "special food", for instance vegetarian meals, please let me know till the 19<sup>th</sup> June. I'll give this information to the organisation and maybe they can help you.

### Sport program

I attach the game schedule, the scrutineering schedule as well as the schedule for the official training. Our team leaders meeting will be held on Thursday 15 th July evening at 8 pm. near the venue. Our Chief referee decided: « La réunion des arbitres est le Samedi 17 th July 16 à 17 heures ».

I tried my best to arrange everything, that you can feel comfortable. If you have any concerns about things, which are arranged in the current organisation, please do not hesitate to contact me. I'll check if it is possible to change.

### Scrutineering

Please follow the attached document of our chief Scrutineer Mrs. Carmel Vekins at the end of this Bulletin. Just one word - equal means equal and not similar. So keep this in your mind, when you will go to scrutineering.

## Short facts

Information's about the World Games 2005 in Germany, Duisburg Bulletin Nr 2 Page 5/5

- If you got in contact with the organisation in Duisburg (DOC) please give me a copy
- Team leaders meeting July, 15<sup>th</sup> 8 pm at the venue
- Referee meeting July, 16<sup>th</sup> 4 pm at the venue
- Remember, there is just an assistance to pick you up in Duisburg Railway station or Duesseldorf Airport
- "Mikasa black lined balls" will be used for the competition – for practise time we ask you to use your own balls
- You have to tell the organisation where and when you arrive (and don't forget the copy to me) before the 1<sup>st</sup> of June.
- I'm sure you have more questions – so like I wrote before, send an Email to [Joachim.Schwarzrock@t-online.de](mailto:Joachim.Schwarzrock@t-online.de) and I hope to find the answer for you – but please make sure, that only one person of each nation put the question to me. Only in this way we can make sure to have the same information-level in each nation

Please read now the official Bulletin Nr 3 of the DOC and the attachments

Happy to see you in July,

Joachim Schwarzrock

## **Bulletin No. 3**

Duisburg, in the month of May 2005

To all participating sports of the World Games 2005:

Enclosed you receive the third edition of the Information Bulletin on the World Games 2005 by the Duisburg Organising Committee (DOC). This bulletin complements the previous editions no. 1 and 2 sent to you earlier. The present edition of the bulletin summarises all information which we have been requested by individuals during the last few weeks and which seem to be of general interest. Additionally it contains details presented at the AGM and Berlin workshops.

We plan to keep you informed about the progress of our preparations during the remaining months. The future bulletins will provide any necessary complementary details. Please go through the present information thoroughly and inform your respective technical staff members plus the participants of your sport accordingly.

For any questions or suggestions concerning the bulletin please turn to:

### **6. Tickets**

### **7. Tasks of technical delegates**

### **8. Attendance - Attachés**

### **9. Logistics partner**

## **1. Arrival**

According to the IF passports the sportsmen and –women will in principle arrive two days prior to the competitions. All participants from outside Europe may arrive a day earlier (jet-lag day). To make clear which countries are considered to be European countries, a list is annexed which is in accordance with Olympic rules and regulations. All participants from countries OTHER than those on the list, are granted an extra jetlag day. In this context we point out, that according to the IWGA rules the venues will be available for training only at the official times, i.e. one day before the competition in one sport.

## **2. Extra officials**

We have often been asked about the services included in the price for extra officials. The offer of 95 € (double room) or 140 € (single room) includes all the services rendered to regular officials too:

- accommodation
- transport in shuttle buses
- use of public transport
- catering at the venue or central catering unit
- access to competitions of the own sport
- access to the opening ceremony
- access to the limited number of tickets to other sports competitions (first come first serve)

## **3. IF-presidents and secretaries general**

Presidents and secretaries general of the International Federations are invited by the IWGA as VIP guests and in principle accommodated in VIP hotels. Accreditation of VIP guests is done by the DOC. The federations receive a separate sheet on which they are requested to fill in the respective personal data for accreditation.

Accommodation of secretaries general Some secretaries general prefer to stay with their participants. In that case the DOC needs to be informed accordingly **by May 19 at the latest**. Even in that case the General Secretary will be accredited as a VIP. However it is not possible that he nominates another person to be accommodated in the VIP hotel in his place.

## **4. VIP**

### 4.1. Email address

A central email address is available for all questions regarding VIPs. Please turn to:

[VIP@Worldgames2005.de](mailto:VIP@Worldgames2005.de)

## 4.2. Access to venues

All VIPs are invited to attend the opening - und closing ceremonies. Due to organisational reasons we issue tickets in addition to the accreditation cards. All VIPs are granted access to the competitions of their respective sport. Since there may be insufficient space for the maximum possible number of VIPs to attend an event simultaneously, it is possible that not all VIPs will be granted access at the same time. Access will be granted according to availability of places and following the principle 'first come first serve'.

## **5. Accreditation of participants and Extra Officials**

### 5.1. Changing data after the deadline

The deadline for the submission of accreditation applications for delegation members is May 19. There may be exceptional cases in which, after this date, data have to be changed.

This however shall be limited to unforeseeable events like illness etc. In such a case, your federation should please inform the competent contact person immediately. The list of contact persons was included in bulletin no. 2 and sent to you earlier.

### 5.2. Offset of higher by lower accommodation costs

If participants leave earlier than scheduled, while others stay longer, the DOC will *not* offset accommodation costs. The contingents with regard to hotels, catering and transport are booked and have to be paid in any case, even if individual participants do not make full use of the services.

### 5.3. Accompanying persons

The delegation members are offered DOC services according to the IF passports. For organisational reasons accompanying persons (wives, children etc.) are not covered. Instead they must ensure accommodation, catering and transport on their own initiative. No IAC cards will be issued.

### 5.4. Refund for participants who sleep at home

If a participant should want to sleep at home and not at the hotel, no costs will be refunded by the DOC.

### 5.5. Period of service

All services offered by the DOC are available only from July 12 to 25. Before and after that period no extra days can be booked nor will catering and transport be provided. We will assist participants to organise their transport if, e.g. for cost reasons, they arrive before or leave after these dates. The World Games will ask you in time to indicate your travelling data so that the affected persons will be known at an early stage. In any case of doubt please turn to your respective attaché.

## 5.6. During the accreditation

- Checking of health insurance proof

During the accreditation every participant will be requested to present his or her proof of insurance. Experts of an insurance agency will check these proofs. Please make sure that every participant brings a proof of his or her health insurance. If no proof is available or the experts should consider the coverage insufficient, the participant must conclude a short-term health insurance on site. The price will probably amount to 15 to 20 € for the duration of the entire event.

- Consent to privacy policy

In accordance with German laws every participant has to sign that he or she agrees with the electronic registration and processing of personal data. After the World Games 2005 the DOC will delete the data. The respective declaration of consent is annexed and every participant will be requested to sign it locally upon the accreditation.

- Anti-doping declaration

Every participant must recognise and agree to the WADA anti-doping rules. A declaration to this effect has to be signed upon accreditation which is compulsory to be accredited. The respective anti-doping declaration is annexed too.

- Right on your picture

During the event TV-pictures as well as photographs for the press will be taken. All participants will have to grant the right to make use of these material to the DOC of the World Games 2005 GmbH and to the IWGA. This declaration is annexed too.

## 6. Tickets

The prices for tickets offered to the federations have been revised and made more attractive. The updated price list is annexed. Delegation members get free tickets for every sport. Yet the number of free tickets differs from sport to sport and depends on the number of tickets sold. All delegation members can turn to the central information booth in front of the MSV Arena for free tickets. Since free tickets are reserved to delegation members, they are only valid together with the IAC.

## 7. Tasks of technical delegates

Because of numerous doubts we once again include the IWGA rules about the tasks of technical delegates.

## 8. Attendance - Attachés

Every team is assigned at least one attaché. Additionally there will be attachés at the hotels, Düsseldorf airport, Duisburg train station and the venues. The attachés will liaise between your federation, the participants and the DOC. It is their responsibility to assist you in every respect. In any case of questions or doubts please turn to your attachés. They will help you to answer questions and solve problems.

## 9. Logistics partner

The Schenker Germany AG has been nominated the 'official logistic partner of the World Games 2005'. The SCHENKER**globalsportsevent** team cooperates closely with the DOC and will provide services and support to all participants to the World Games 2005 in the fields of transportation and logistics.

Schenker will be present at the venues and other official areas with their own staff members and equipment. The Schenker project managers will be available to you with regard to any questions regarding transportation and customs clearance in accordance with the German tariff regulations and will assist you already during the planning phase. Detailed information about transport and customs formalities are contained in the transport und customs guidelines available via [events@schenker.com](mailto:events@schenker.com).

We therefore recommend you to use the logistics services of the Schenker company to transport your goods to the World Games 2005. By commissioning our 'official logistics partner' Schenker you contribute to optimising logistics operations.

For further information please refer to: [events@schenker.com](mailto:events@schenker.com).

### **4. Jobs of the Technical Delegate**

#### **Responsibility by International Federation liaison**

International Sports Federations (IF's) participating in a World Games event have the responsibility for the technical control and direction of their sport(s) or disciplines of sport(s) on the program. To liaise in this respect with the Organising Committee of the Host City, they should appoint a Technical Delegate (TD). The main task and responsibility of a Technical Delegate officiating at World Games events is to ensure that the event of his or her sport on the World Games' program takes place in accordance with the Rules for his or her sport or discipline of sport.

#### **Experience and qualities of the Technical Delegate**

To perform his/her task as Technical Delegate, the Technical Delegate should be aware of various facts and figures related to all kinds of aspects of the Rules for his or her sport or discipline of sport, as well as to the Rules of the World Games.

The Technical Delegate needs to have knowledge and has to be aware of a number general issues related to his or her sport and/or the World Games, such as:

### **General requirements**

- description of the required facilities and equipment
- description of the event(s)
- general scoring description
- description of Judging structure
- competition scheduling procedure

### **Qualification for the World Games**

- qualification procedure
- quota for the event(s)
- medical controls

### **World Games competition**

- competition levels

### **Scoring procedures.**

- competition classification (tie breaking)
- competition protest and appeals
- distribution of results.

## **Task of the Technical Delegate**

### **General**

The tasks of the Technical Delegate may range from an elementary explanation of his or her sport or discipline of sport to the OC to the control of the actual competition(s).

### **Job description Technical Delegate**

The Technical Delegate will fully explain his or her sport, including requirements for equipment and services, to the Host City and advise the Host City on the best venue for his or her sport in the Host City

### **Prior to the Opening of the World Games**

The Technical Delegate will:

- have regular meetings with the OC. The costs for travel to the meetings will be paid by the IF or, if so agreed, by the national association. Normally meetings will be limited to one day only, so expense is limited to travel cost. In case board and lodging is required, the Host City could provide this for free; if not, the Technical Delegate will have to arrange this with his or her IF or, if so agreed, with the national association.

- check the technical installations of the training and competition venues for his or her sport. In case special equipment is required for his or her sport, which can not be provided by the Host City, the Technical Delegate should co-ordinate with his or her IF on arrangements to assist the Host City in obtaining such equipment.
- check the accommodations in the housing area of the participants of his or her IF.
- assist his or her IF in providing adequate technical officials for the control of the competitions

### **During the World Games**

The Technical Delegate will

- assist with the accreditation procedure for participants of his or her IF;
- forward all information from Organising Committee Office to the participants of his or her IF;
- be in control of all accommodations in the housing area of the participants of his or her IF;
- ensure that the results of the competition(s) from his or her sport or discipline of sport reach the Organising Committee Office correctly (spelling of names) and in time for further handling (to media).
- be housed in a room of his or her own with (mobile) telephone in the same hotel or at the same campus where the participants of his or her IF are staying. Office equipment will be at his or her disposal;
- the Technical Delegate will be provided with a Card B accreditation;
- the Technical Delegate will receive daily communications from the Organising Committee Office.
- the determination of responsibilities in case of wilful breakage's or damages as the IF's shall be held responsible for such damages and breakage's (it is advised that they request compensation from their participating national associations or from the participants of their sports);

### **Appointment Technical Delegate**

For each World Games event the participating Federation must appoint a Technical Delegate who should, if possible, have his or her residence in the country where the event takes place.

## Scrutineering World Games 2005, Duisburg, Germany.

For the first time ever the sport of Canoe Polo has the opportunity to show case its event at the 2005 World Games. As an exciting and dynamic **team** game it is important that all participating federations ensure that all aspects related to advertising and scrutineering are in order prior to their departure for this wonderful event.

### **1) Advertising:**

Please check the ICF Canoe Polo Rules Chapter 3, Rules 17.1 – 17.7.2, and also IWGA Canoe Polo Bulletin 1.

#### ***World Games Canoe Polo Bulletin 1: Advertising on sportswear and equipment***

*Advertising on sportswear and equipment is permitted in principle, as long as it is not in conflict with DOC sponsors. If international or national federations have their own sponsoring advertisements on sportswear or equipment, they are requested to send the details to the DOC. The DOC will check the request and reply within six weeks after receiving the information. In any case of conflict, the DOC will turn down the request; otherwise it will agree to the specific advertising on sportswear and equipment.*

*The International World Games Association reserves the right to refuse any or all and prior permission must be obtained. Accordingly at the World Games the above rules will be rigidly enforced.*

*If you have any queries concerning advertising please contact immediately by email: [p.loebbert@worldgames.de](mailto:p.loebbert@worldgames.de) with the attachment "Trademarks, advertising symbols" to seek clarification. If you have not done so, do as a matter of urgency.*

#### **ICF Canoe Polo Rules (extracts):**

*'Trademarks, advertising symbols and words must be identical and in the same position on the kayaks and clothing of all players.'*

*Any kayak, accessory, or article of sportswear, which does not comply with the above mentioned conditions will be ineligible for use during a competition. Teams are responsible for ensuring their own equipment meets these rules and regulations.'*

## **2) Scrutineering:**

Will take place at the scheduled times for each participating team. See attached schedule list. All players will bring **all** their equipment to the scrutineering area. Team members will then wait in a specified area till all their equipment is checked. When all is completed, individual team members will personally remove their equipment from the scrutineering area.

If any adjustments need to be made, the manager and individual athlete will be notified and an additional time given for further scrutineering.

To minimise any stress on players and management, we ask that you ensure all is in order prior to your arrival in Germany.

### **Please take note of the following:**

As in previous World Championships, 'all hulls having a solid colour must be the same colour. In the case of clear hull kayaks the presence of carbon fibre or other integral materials within the construction will not be deemed as effecting the overall colour of the hull.'

If you have any queries, **team managers only** should contact Carmel Vekins, Chief Scrutineer at [carmel.vekins@ul.ie](mailto:carmel.vekins@ul.ie)
